

Project 3

Church Name: Community Bible Church, Black Creek, WI

Pastor: Bernard Ferguson

Contact Person: Bernard Ferguson bferguson8725@charter.net

Description: The work project would probably need about 4 men for painting our roof with slurry paint and it could be done any time in the summer. However, our DVBS or Backyard Bible Club would only be available for an August time. June and July just seem to have too many things going on to draw the kids and this would need about 4 teachers or leaders.
